- Village of Kirkersville
- Village of Utica

March 22, 2024

Dear Licking County Residents and Small Businesses,

Licking County is pleased to announce it has selected Dynegy as the preferred electricity supplier for the Licking County Electric Aggregation Program serving the City of Pataskala, the Village of Buckeye Lake, the Village of Hartford, the Village of Hebron, the Village of Kirkersville, and the Village of Utica. Voters in your communities approved the formation of an opt-out aggregation program in November 2023, allowing Licking County officials to bring together residential and small commercial community members to gain group-buying power for the purchase of electricity from a certified retail electric supplier. Both Licking County and Dynegy are certified by the Public Utilities Commission of Ohio.

As an eligible resident or small business, you will be automatically enrolled in the program unless you choose to opt-out (not participate) by **April 12, 2024**. The aggregation program for Licking County will begin within one to two billing periods following your inclusion as a participant in Licking County’s program and will end with your December 2025 meter reading.

Program Details:

- **Fixed electricity price** of \$0.06582 per kWh through your December 2025 meter reading.
- **One energy bill** from AEP Ohio, your local electricity provider.
- **No fee** to cancel at any time.
- By receiving this letter, you **do not need to do anything** to be a part of the program.
- AEP Ohio continues to deliver your electricity, maintain the electric lines, and respond to emergencies.

Program Enrollment

After your enrollment is finalized, AEP Ohio will send you a letter confirming your enrollment. As required by law, this letter will inform you of your ability to rescind your enrollment with no penalty. If you wish to participate in the Program, you do not need to take any action when you receive the letter confirming your enrollment.

How to Opt-Out

If you do not wish to participate, you must opt-out no later than **April 12, 2024**. You can do this by completing and returning the reply card below or by calling 888-682-2170.

If you choose to opt-out (not participate), you may do so at no charge during this initial enrollment period and you will not be served by Dynegy. If you become part of the aggregation, you may cancel the agreement at any time at no charge by providing notice to Dynegy. If you choose to opt out of the program at this time, or if you choose to leave the program at a later date, you will be served by your utility under its standard service offer or until you choose an alternative supplier. If you switch back to your utility, you may not be served under the same rates, terms, and conditions that apply to other customers served by your utility.

For questions, contact Dynegy at DynegyCustomerService@dynegy.com, call 888-682-2170 or visit <https://www.dynegy.com/municipal-aggregation/communities-we-serve/Ohio>.

Please see the enclosed Terms and Conditions for full details regarding the rate option and other terms of the program.

Regards,
Licking County & Dynegy

Community: Licking County

I do not want to participate in the Licking County Electric Aggregation Program. By checking this box, I understand that my electricity account will not be included in the program through the December 2025 term.

This opt out must be post marked by April 12, 2024 and mailed to:
Dynegy, PO Box 650764 Dallas, TX 75265-0764
